The CFR’s

All NRC & Agreement States must comply with the U.S. DOT requirements found in 49 CFR Parts 170-189. These are the regulations that form the basis for HAZMAT training: http://www.access.gpo.gov/nara/cfr/waisidx_99/49cfrv2_99.html

The following Parts of 10 CFR Chapter I contain regulations applicable to portable gauging devices:

- 10 CFR Part 71, “Packaging and Transportation of Radioactive Material”; Part 71 requires that licensees or applicants who transport licensed material, or who may offer such material to a carrier for transport, must comply with the applicable requirements of the United States Department of Transportation (DOT) that are found in 49 CFR Parts 170 through 189. http://www.nrc.gov/reading-rm/doc-collections/cfr/part071/

To request copies of the above documents, call GPO’s order desk in Washington, DC at (202) 512-1800. You may also contact GPO electronically at <http://www.gpo.gov>. Electronic
copies of all documents are available at this site. Single copies of the above NRC regulations may be requested from NRC’s Regional Offices. Note that NRC publishes amendments to its regulations in the *Federal Register*.

NRC regulations and amendments can also be accessed on NRC’s web page at <http://www.nrc.gov>.

It is the applicant’s or licensee’s responsibility to have up-to-date copies of applicable NRC or Agreement State regulations, read them, and abide by each applicable regulation.
